PHOTOGRAPHY

I am a unique photographer offering expertise in conceiving and creating. I deliver exceptional skills in portrait, editorial, and product photography. I am great at collaborating with other artists and working together to create something magical. Additionally, I am familiar with and have experience in on-location shoots, in-house operations, studio set-up, and equipment requirements. This experience can be reflected by my multiple awards from Student Shows and assistant opportunities.

EDUCATION

The Creative Circus

2019 - 2021 | Image & Content Creation

- Professional knowledge in advanced lighting and equipment.
- Classes specifically training in set design, styling, color theory, composition, advanced lighting, and animation.
- Experience in how to market and advertise using social media.

SKILLS

I am skilled in Adobe applications such as Lightroom, Photoshop, Premiere Pro, and After Effects. I am also trained in Capture One Pro. I love doing portrait photography along with anything conceptual and creative. I have been reposted onto large social media brands such as NYX Cosmetics and DollsKill.
